##### 第一节

One possible version:

Dear Miss Zhao,

I am Li Hua, a high school student. Learning from the newspaper that some volunteers are needed for a Traditional Cultural Festival, I am writing to apply for this position.

Having a good knowledge of culture, I can give visitors a vivid introduction. Besides, I have volunteered in some activities, which equips me with varieties of relevant experience. Most importantly, outgoing and enthusiastic, I'm keen on being a volunteer, providing service. I'm convinced I will do a good job.

I would be very grateful if you could take me into consideration.

Yours sincerely,

Li Hua

##### 第二节

One possible version:

Lily had butterflies in her stomach as she stepped onto the big stage. Excitement and nervousness ran through her body, disturbing yet inspiring her. Seeing Shanda smiling brightly in the audience, she calmed down a bit. Determination to succeed convinced her that she couldn't give up. With the dance music on, she danced to it in harmony, showing that she hadn't spent a year in vain. To her surprise, she danced with heart and soul, standing out from all the participants. She finally won the championship, and the whole audience applauded warmly.

Lily felt very excited when the hostess asked her to make a speech. With the gold medal in hand, she said loudly, "I owe my success to Shanda. She taught me better dance movements and techniques. More importantly, she taught me the true love of dance. It struck me what Shanda said about dance—dance for dance itself, to get away from all your problems, and to get away from reality. I come to know what dance really means now." With happy tears running down her cheeks, she rushed down to Shanda, giving her a big hug.

(Text 4)

M: What an afternoon! I need to prepare for my speech but the kids are keeping shouting loudly!

W: Oh, Dad! You know I've been expecting one!

M: Just go and see in your bedroom. I'll get supper ready before your mother goes home.

M: We plan to check out on Sunday when we finish our tour in your city.

W: Great. Any specific requirements for your room, for example, a separate toilet?

M: I don't mind that. I'd like one facing south, and nothing is better than a TV with a large screen.

W: We have such a TV in each room. OK, a room for three, facing south, with a large TV screen. Checking in on Wednesday?

M: Well, we'd like to enjoy your discount.

(Text 10)

Good morning, everyone! It's my great honor to share my previous study experience here. Entering our high school four years ago, I immediately fell in love with it. During the three-year study here, I improved myself in all aspects. The most unforgettable one was the improvement of my spoken English. With the foreign language teacher's help and encouragement, I gradually became interested in English and won first place in many speech contests. And the large library here provided me with more access to knowledge, which has turned out to be helpful for my university study. Besides, I made many friends here and learnt a lot from them. As a university student, I also have much to say. First, learning to take care of myself is the most important, because I'm so far away in another city from my parents. Second, I must manage my money well and never waste it, for my parents are both farmers. Studying at university offers more chances to enrich myself and I really appreciate it. I hope all of you can make full use of your time and enter your ideal university. That's all! Thank you.
