

2022 届皖北名校九月联考·高三英语 参考答案、提示及评分细则

听力部分录音稿

(Text 1)

M: Would you like to go skating with me this afternoon?

W: Oh, I'd love to. But we're going to clean our dormitory after we have finished our math homework. I can't be absent.

(Text 2)

W: Are you studying for the exam tonight?

M: I would love to, but Sam has all my notes.

(Text 3)

W: I'm crazy about shopping online nowadays. It's so convenient. Have you ever shopped online?

M: Yes, quite often. I find that it's much cheaper than shopping in stores. The most important thing is that it can save me a lot of time.

(Text 4)

M: Do you have any magazines, Mary?

W: Yes, of course. Here are some interesting ones about clothes and fashion. And I still have some about movies and music. Which one would you like?

M: Oh, I just want to read some sports news.

(Text 5)

M: Do you want to buy snacks to eat during the movie?

W: No. They are too expensive. We should've eaten before we got here.

M: It's all right. Maybe afterward, we can grab a bite at a nearby café.

(Text 6)

M: Hi, Maria. It's John. Can you give me a ride to work this morning? My car broke down late last night, and it's being fixed in the repair shop.

W: I'd be delighted to, but I have to go into work early to prepare for an important meeting. Do you mind leaving 30 minutes earlier than usual?

M: Not at all! I will be ready to be picked up in 10 minutes.

W: OK. I need some time to get dressed before I leave, though.

(Text 7)

W: What are you studying in college?

M: I'm studying to become a teacher.

W: How cool! My mom was an English teacher. What subject do you want to teach?

M: Well, history is my favorite subject, but I want to be a science teacher.

W: How fun! How many years of school do you have left?

M: I've been at my university for three years, so I have one more to go.

W: Can you start teaching as soon as you graduate?

M: Yeah. I'll have to pass a test, but that's no problem. I've never failed an important test, so I'm not worried.

W: That is great!

(Text 8)

M: Thank you for calling the Sports Center. May I help you?

W: I bought a bike from your store last month, and I am having problems with it. I need to have it repaired.

M: What seems to be the problem?

W: Its LCD screen does not work. Nothing was on when I pushed the START button.

M: What is your bike model?

W: EX126.

M: I can send a technician out to take a look at your bike.

W: When can you send the technician?

M: I have 2:00 pm on November 23 available. Otherwise, the next time has to be 10:00 am on December 8.

W: I'll take November 23rd.

M: OK. May I have your name, please?

W: Lisa Sloan. S-L-O-A-N, Sloan.

M: I need your address, please.

W: 995 Silver Lake Street in Long Beach.

M: OK, it's all set. Is there anything else I can do for you today?

W: No. Thank you for your help.

M: You are welcome. Have a nice day!

(Text 9)

M: Why do you look so worried?

W: Well, I have to plan a dinner for my colleague Mary. She is leaving her job to go to law school.

M: How nice that you're going to have a goodbye dinner for her! Where will you have it?

W: That's the problem. My boss suggested that we go to the Italian restaurant near the office. But Mary loves Mexican food. I think it would be nicer if we took her to her favorite Mexican place.

M: I agree. You should take her somewhere that she will enjoy.

W: The only problem is that the restaurant is far from my office. Do you know Juan's Place?

M: Of course. It's near your house. Maybe you could have the dinner after work on Friday. That way, people could drive over to the restaurant together.

W: True. But traffic is always so awful on Fridays. It will take them at least forty-five minutes to get there.

M: Well, then why don't you try to find a Mexican restaurant closer to your office?

W: That's a great idea.

(Text 10)

【答案与解析】

本文是一篇说明文。文章主要介绍了中国的京剧。

61. reflecting 考查非谓语动词。分析句子成分可知,这里考查的是非谓语动词,the actors and actresses 与 reflect 之间存在逻辑上的主谓关系,故此处用所给动词的现在分词,表示主动;When reflecting storytelling from as far back as the mid-Qing Dynasty 是状语从句 When they reflect storytelling from as far back as the mid-Qing Dynasty 的省略。
 62. who 考查定语从句。分析句子结构可知,该空引导的是一个非限制性定语从句,从句缺少主语,先行词是 the actors and actresses,故此处用关系代词 who。
 63. combined 考查非谓语动词。此处用所给动词的过去分词修饰名词短语 art form,此处 combined 的词性是形容词。
 64. anger 考查词形转换。根据并列词 gladness 及 sorrow and happiness 可知,此处用所给形容词的名词。
 65. vividly 考查词形转换。此处用所给形容词的副词修饰动词 presented。
 66. are 考查时态和主谓一致。本句介绍京剧的主要角色,所以使用一般现在时态,又因为句子的主语是 four main role categories,故此处用 are。
 67. of 考查介词。consist of 意为“由……组成”,为固定短语。
 68. dynasties 考查名词复数。dynasty 是可数名词,根据空前“... Qin, Han, Sui, Tang, Song, Yuan, Ming and Qing.”可知,此处指“多个朝代”,故用所给名词的复数。
 69. are adopted 考查动词的时态和语态。此处介绍的是京剧的基本情况,所以使用一般现在时,又因为 Some of the newer operas 与 adopt 之间是被动关系,故此处用一般现在时的被动语态。
 70. the 考查冠词。the public 意为“民众”,为固定用法。

短文改错

My little sister is the 11-year-old student. Today I gave up a new book to her or then asked her how her school was going. She couldn't wait A tell me about her kind act. During her lunch break, she spent 45 minute helping out in a kindergarten classroom. She helped do the cleaning, helped the children put her coats on, and got activities setting up for the next group that came in the afternoon. I told her how greatly her volunteering was. She says with a smile, “Well, I'm like you now.” It was her words which made my day.

书面表达

One possible version:

Dear Mr. Black,

I am very excited to learn that our school radio is going to start an English programme. What a wonderful idea it is!

I think it will be better if the programme consists of three columns like *The School News*, *The Teachers' Advice* and *The Students' Voice*. From the news column, we can learn about what is going on in the world. In *The Teachers' Advice*, our teachers can give us some advice on how to learn English. *The Students' Voice* will offer us the chance to freely express our opinions and feelings about our life and study.

I believe this programme will benefit us a lot, and I am looking forward to it.

Yours sincerely,

Li Hua
