Dear Zhang Wei,

You have told me that you are very nervous about the coming speech contest and I will try to make some suggestions which I hope can help you.

In my opinion,you should get well prepared before the speech contest by practicing before a mirror. What's more, you had better use a brief and language in your speech so that you can leave a deep impression on the judges. When you are giving the speech,remember to keep smiling and even if you forget your words, don't panic and just continue your speech because no one will notice it.

Wish you success in the speech!

Yours,
John

Paragraph 1:

When we realized it was time to walk home,we found ourselves lost. It was getting darker and darker. I felt so scared that tears rolled down my face again.David attempted to comfort me. He told me that he once made some marks on the trees in the forest, which might help us find the way home.Therefore, we made efforts to look for the marks but in vain.Having walked anxiously for about an hour in the forest, we failed to find our way out.

Paragraph 2:

It was completely dark when we saw fireworks(烟火)being set off in the distance. We ran excitedly in that direction as fast as possible. Soon we found my aunt's house in front of which my cousin Kristy was holding some fireworks and lighting them. Seeing us come back safely,Kristy cheerfully hugged us. She told us that when noticing we had been away for long,she was concerned about our safety. She set off fireworks to draw our attention and guide us. It was an unforgettable experience.Without David's comfort and Kristy's fireworks I would have lost in the forest forever.
