#### 第四部分 写作（共两节，满分40分）

第一节（满分15分）

One possible version:

Hello, every one, today I would like to share with you the most unforgettable class in my mind.

As a matter of fact, a large number of wonderful classes have left a deep impression on me, while the one that touched me most was the class meeting on the first day of my senior high, which was delivered by our head teacher. In the class, she expressed her sincere concern about our new life as well as introduced some practical learning methods, conveying her best wishes for us to get adapted and enjoy our boarding life. With her encouraging words buried in my heart, I dragged myself out of the confusion and fright, feeling confident in my new life.

As a result, whenever I recall the moment when I stepped into this school, this class will come into my mind, bringing sweet memory.

第二节（满分 25 分）

One possible version:

*Luckily, I felt a pat on my shoulder and a gentle voice came, "Are you lost?"* I looked over my shoulder, raised my eyes and saw a pretty lady with a caring expression on her face. "Yes..." I sobbed, frightened and hopeless. Seemingly reading my thoughts, she kneeled, took me by the hand, looking straight in the eye, and reassured me, "Don't worry, sweetie. I will help you." I nodded in faith as her words just like the splendid fireworks blossomed in the night, illuminated my world. She then made her way through the crowd, carrying me high above while I kept telling her the possible location where I had been with my parent. After what seemed hours of searching, a flash of anxiety shot through me but it soon gave way to my inner voice, "Hold on!"

*Finally, through the crowd of people, I recognized a face.* I waved my hands excitedly and yelled "Mommy" at the top of my lungs. Hearing my yelling, she rushed to me as quickly as possible. Pulling me into her arms, she could hardly utter a word but held me tighter and tighter. As I nestled against mom's chest, my dad and sisters arrived. Seeing me safe and sound, they heaved a sigh of relief and showed heartfelt gratitude to the lady. It wasn't long before she refused our dinner invitation and waved goodbye to us, smiling like a shining diamond. At that moment, the seed of safety was planted in my heart. The fireworks came to their final displays, while it was my starting point to make sure my parents were within my sight, anytime and anywhere.
