One possible version:

Dear Peter,

I felt it a great honor to invite you to participate in the annual Art Festival to be held next Friday in our school.

As scheduled, the festival will kick off on the playground at 6 pm, lasting 3 hours. A wide range of activities will be included, ranging from displaying artwork of students to appreciating fascinating dancing and singing performances. On top of that, we would greatly appreciate it if you could put on a fabulous show of your own on stage.

Hopefully you could come and your enthusiastic participation is highly expected. Looking forward to your early reply.

Yours,  
Li Hua

高一英语答案第 1 页 (共 2 页)

第二节 (满分 25 分)

One possible version:

**To his surprise, someone from the station called him back right away.** Heiss's wife helped explain the situation to the host of Radio XENY, who talked on the air about the quest to find Dayami. The next morning, Heiss awoke to another message from the radio station, saying that they had located Dayami, an eight-year-old girl, and her family, who indeed lived in Nogales. Instead of going to his office, Heiss instantly went shopping with his wife. They bought just about everything on the list and a few other toys. Driving for about 45 minutes, they finally crossed the border into Nogales.

**Arriving at the Radio XENY offices with presents, the elderly couple finally met the excited little girl.** With eyes wide open in awe, she couldn't believe it. Grateful, her parents explained that Dayami had been writing a letter to Santa and sending it by balloon for years, but this was the first time anyone had found and returned to the note. Not wanting to spoil Santa Claus for the girl, Heiss and his wife told her they were "Santa's helpers". "It was a beautiful experience," Heiss said, "Quite healing for us." Ten years ago, the elderly couple lost their only child and they had no grandchildren. "Being around children at Christmas has been absent in our lives, but now we have our little friend for life," Heiss added. "And, for a day, that border fence with its wire melted away."
