Working Is Most Beautiful

To advocate the spirit of social service and voluntary contribution, our school organized all the students to do voluntary work in Guangming Community last Wednesday.

Each class worked as a group and undertook different tasks such as weeding the flower beds, painting the walls, and cleaning the windows in the neighborhoods. Besides, some students helped the disabled do some repairs, making them live comfortably. Everyone in the community spoke highly of us.

In the course of voluntary work, we students experienced much and understood more. Making contributions to society and volunteering to serve the people can benefit us and inspire us to serve our country heart and soul.
