## 第二节 书面表达【参考范文】

This online painting exhibition is wonderful. It is an excellent showcase of young talent and creativity.

The exhibition features various artistic styles and techniques. From ink wash paintings to oil paintings, the diversity makes the exhibition unique and engaging. Besides, the quality of the paintings is exceptional, in which different cultural information of the two countries is conveyed. I found the exhibition both enjoyable and educational. I learned a lot about how to appreciate different styles of paintings and I also enjoyed seeing how cultural differences could influence artistic expression.

I suggest adding more interactive elements, like videos of the creative process. Hopefully, there will be more chances for Chinese students and our international friends to learn about and from each other.
