作文参考范文:

My Treasures

In our life, we have treasures like money, houses and cars, etc. However, we have a lot more hidden treasures, such as knowledge, health and experiences. As a senior student, I think the most important treasures in our life are friendship and ideals.

Friendship means a lot to me. I always share sorrows and joys with my friends. Often, we offer help to each other. Without friends, we would feel lonely and our life would be colorless. Besides friendship, ideals also play an important role in our life. Ideals act as lights in darkness, guiding us forward. Inspired by ideals, we'll keep moving on. I think a person without ideals is one without hope.

However, how can we win true friendship? In my opinion, we should first learn to communicate. Also, it's important to be generous and kind to others. Learn to give rather than take. As to ideals, ask ourselves what our strengths and weaknesses are and where our interests lie so as to make it clear what we want to be when we grow up. In this way, we can set up ideals, which we will live up to.
