Dear fellow students,

I am Li Hua, a senior three student of our school. There exists a very common phenomenon among us that many students stay up late to study and fall asleep in class. Now, I am calling for everyone's attention to this matter.

What should be stressed is that health comes first in the long journey to success. As far as I am concerned, we should take the following steps to prepare for Gaokao. First, we should focus on what the teachers say in class. In addition, we'd better make the most of the free time to finish the homework. Last but not least, we should try to form a good habit of going to bed early.

I firmly believe that we will make great progress by balancing our study and rest. So let's take action now!

Li Hua
