第四部分 书面表达

第一节应用文写作

Last Sunday, our school held a theme activity called "Mental Health Education" on the playground.

【高分句型一】(点明主题)

The activity lasted a whole morning. At the beginning, soft music was played to create a relaxing atmosphere. With the music, we found our place and settled into a comfortable position. The teacher told us the knowledge about mental health, and asked us to relax according to her instructions and think about the happy things we had experienced. Next, we shared the pleasant things we had experienced each other in groups. (活动内容)

Not only is this theme activity of great benefit to our mental health but it also enriches our school life. 【高分句型二】(活动反响)

第二节

Looking at the money on the table, I stood there, shocked. For the rest of the day, I felt extremely guilty, with the innocent jogger and his "helplessness" on my mind. "How could I be so rude to him without knowing the truth? Why was it that the jogger gave me the money?" I still remember his frightened face when I scared him away like a monster. 【高分句型一】 I decided to find a chance to apologize to him. The next morning, I got up and went to

the park as usual, but not for jogging. I just hung around where I met that jogger, but in vain. (作者感到内疚并且一直想找机会对那个人道歉, 可是一直没有等到那个人)

For several days, I waited at the same spot. But to my disappointment, he didn't turn up. It was almost a week later before I finally spotted him again. I, the robber, gave the \$ 10 bill back to him and said sorry to him again and again. Fortunately, he forgave me for what I had done to him and said, "oh, it doesn't matter." Many years have passed, but I can still feel my cheeks burning with shame. 【高分句型二】 From the experience I have learned that it is too early to judge a person before you know the truth. (作者等到了那个人, 并且向他道歉和归还了十美元, 感悟到了在了解真相之前判断一个人还为时尚早)
