#### 参考范文

In the picture, between two closely-located buildings grows a big tree. Unlike most trees, this one bends in the middle, struggling all the way up to get more sunshine. The picture reminds me of those who succeed in unfavorable condition. Faced with difficulties, they never give up but try their best to find a way out. Life can be hard. But if we have the courage and determination, we will finally get the sunshine we want as the tree in the picture does.

听力原文

(Text 1)

W: Hey, forgot to tell you ... Joe and Anna are moving to Paris!

M: Really? Isn't that a bit sudden? How did that happen?

W: His company offered him a job out there. They're going for at least a couple of years.

(Text 2)

M: Hello, I'm calling to ask whether you can send someone to take a look at our ceiling. It's been leaking since last night's rainstorm.

W: Hi, Mr. Stevenson. I'm afraid we're already booked up for this week. But I think we can make it next Monday.

(Text 3)

W: How was the training?

M: The training was a great challenge. I learned a lot.

W: I'm glad you see it that way. Not a lot of people take a positive attitude towards training.

M: Anyway, I'm glad I went.

(Text 4)

M: Have you seen my blue sweater? It was on the back of my chair before I went to the meeting, but now it's disappeared.

W: Are you sure you left it there? When I came in the office to remind you about the meeting I didn't see it.

(Text 5)

M: Listen to this. The Education Minister is now saying that teachers deserve a pay rise. That's a complete change of opinion!

W: I'm glad to hear it. He's been listening to public opinion, obviously.

W: Is that so? We've had more visitors ever since the regional museum opened.

M: It sounds like he has a constructive approach. I hope he will bring us more enthusiasm and help us increase our profits in the end.

W: Well, I've helped my dad with some of his projects. But, I decided I wanted to do my own project this time. So I researched ideas on the Internet. I decided on a bicycle generator because it's really useful. I can use it to power my computer.

M: So, how did you build it?

W: First, I found plans for generators. I chose a simple design and made a first draft of the project. Then, my dad made some suggestions and I made another draft. After that, I started to look for materials. The only problem was that I didn't have a lot of money, so it was difficult!

M: So, what did you do?

英语参考答案 第 3 页 共 4 页

W: Well, I went to a bicycle shop and a car repair shop. I told them about my project. They gave me some extra parts.

M: Oh, that was nice.

W: Yeah, it really was. When I got all the materials, I was ready to put it all together. M: Well, I think it's great. Very impressive!

(Text 10)

M: OK, are you all settled? Well, first of all, welcome to Cardiff University. I'm here to explain what we can offer you.

Now, as a new student at the university, you will probably need some sort of guidance to help you to use the library effectively to study and research. Some of you have asked about a guided tour but we find this rather confuses people. So, in this first week, we run a series of talks which focus on different aspects of the library and its resources.

OK, now let me give you an outline of what's available to you. You'll find that the computers are increasingly used as a research tool. Many students do most of their research on the Internet and the library computers are permanently online. Having found what you need, you'll find you can readily save texts on your personal computer space to print off when you need.

Naturally we do still have the full range of classic reference books for you to use and there are several copies of each one. This is because some of you may prefer to borrow a book rather than sit in the library. There is a restricted loan time on these so that they are not missing from the shelves for too long. Although there is a Section Manager for each part of the library, they are very busy and so, if you do get stuck looking for things, you should ask the relevant Cataloguing Assistant. As your Training Supervisor, I just oversee your work for a week and will not be around after this initial week.
