1. 参考范文：

Dear Jack,

Delighted to hear that you are going to take a trip to China this July, I'd like to express my sincere welcome to you.

As I know, you are always interested in Chinese culture and want to learn some Chinese. Therefore, I suggest that you choose Chinese daily dialogues as a start, like greeting people, asking for directions and bargaining for souvenirs, which can help you a lot during your trip. Learning a foreign language needs great effort. Apparently, I'd like to be your teacher and send you an e-book with my teaching schedule later. Besides, Let's have an online class over the Internet every weekend, through which I will try my best to make your learning easier and help you speak some fluent Chinese before your arrival.

If you have other ideas, please feel free to send me emails.

Yours,

Li Hua

"Hungry for a hamburger?" I asked. Before long, we had burgers, fries and shakes from a local fast-food restaurant. I watched the girl swallowing down a chocolate shake and slipped \$ 50 into her hand. She launched herself at me and gave me a big hug. We waited together until

the bus pulled up, and I got another bone-crushing hug before she boarded. I gave her grandmother a quick call to let her know her granddaughter was on the way.

About a year later, a car stopped in our driveway. The girl whom I had helped a year ago jumped out of the car, along with her grandma. She gave me a huge hug before she said anything and handed me an envelope. When I gave her a questioning look, she smiled. “It’s the money you loaned me. I’ll never forget what it meant to me that you helped me that day. You gave me some hope that life isn’t all bad.” she said.
