Dear Lynn,

I wonder if you have already heard about the summer social practice that requires us to correct the translation mistakes of the road signs.Appreciative,I hope you can give some advice to our team.

As you know, my hometown will host the Asian Primary and Secondary Games this October.Hence, definitely our city will attract a large number of foreigners, some of whom may be new here. Therefore, it can be more convenient if there are less translation mistakes. So I hope you can give us a hand so that we can do better.

Express our endless gratitude again! I am looking forward to your reply.

Sincerely yours,
Li Hua

Many years later ,my mother wrote they had joined a dance club because my father loved it so much. Reading through the letter, I was filled up with the remembering how my father loved to dance.When told we were the best dancers on the floor, my father always squeezed my hand and smiled at me. Around and around we went,laughing and nodding to the other dancers.However, never have I danced with him since.Sometimes my heart ached to have him wait for me and I knew my father was waiting for an apology from me. But never could I find the right words.(86 词)

As my father's 60th birthday came, I knew it was time . The music ringing around the room, my parents glided around the room, inviting the others to join them. The guests rose to their feet, applauding the couple. I wound my way through a few couples, coming over to my father and stretching my hands gently,“Can I have a dance with you?” My father stood rooted to the spot. Our eyes met and travelled back to that night when I was fifteen.My father bowed and said,“Oh, yes. I've been waiting for you.”(85 词)
