第二节 (满分 25 分)

One possible version:

However, just before they knew it, the seawater began to rise. Tom and Jack exchanged worried glances as they watched the waves inch closer to their masterpiece. They knew they had to act quickly to save their creation. Without wasting a moment, they sprang into action and tried to build a sand fence to protect the castle. However, their efforts were in vain. Tears of disappointment welled up in Jack's eyes the instant

the castle was swept away in waves. “Brother,” Tom whispered, wrapping Jack tight in his arms. “Let us not yield to the waves. We shall find a way to thrive our creation.”

Jack nodded his head in agreement and they determined to rebuild it. They searched the beach for a perfect spot, away from the wave’s reach. There, the brothers worked tirelessly, their hands swiftly shaping and hardening fresh piles of sand. The sand castle began to take shape, rising from the ground like a magnificent palace. Tom even built a stone fence surrounding the structure. As the setting sun painted the sky with beautiful colors, Tom and Jack sat in front of their new artwork, feeling a deep sense of accomplishment. They knew that from that day on, in the face of any challenge, they would always be brave and hopeful.
